

BENEFITS OF IESSA MEMBERSHIP

INDIVIDUAL MEMBERS

- Free attendance at all Branch technical presentations by invited speakers / members throughout the year.
- Recognition of members whose main business is in lighting design, through IESSA's application to ECSA to be recognized as the only voluntary association representing the illumination engineering industry in South Africa, and endorsing these applications for registration with ECSA as professional illumination engineering practitioners.
- Networking opportunities with fellow lighting professionals
- Discounts on registration fees for the annual IESSA congress and Lighting Courses.
- Comprehensive technical advice on all lighting related issues
- Regular notification on lighting courses and all events.
- Access to international lighting matters through IESSA's membership of the International Commission on Illumination (Commission International de l'Eclairage) (CIE)
- Display of the IESSA logo and the wording "Group member of the Illumination Engineering Society of South Africa" on stationary and other appropriate company material.
